

## **REMARKS**

In response to the Notice of Allowance dated August 16, 2010, Applicant files herewith a Request for Continued Examination and submits the herein amendments to the pending claims. Claims 1-24 and 26 were previously cancelled, claim 25 remaining as amended in the response filed June 16, 2010, and as allowed in the Notice of Allowance dated August 16, 2010. New claim 27 has been added as fully supported by the present specification, to recite the combination of ranges of 0.5-1.5% lidocaine, 0.5-1.5% prilocaine, and 0.5-8% tetracaine. New claims 28-31, 33, and 36-48 have been added, as corresponding to, respectively, original claims 1-5, 7-12, 14-15, 17, 19-20, 22, 24 and 26, as provided in the Preliminary Amendment filed on the same day as the original filing of this US non-provisional application. New claims 32 and 35 have been added to recite alternative recitations of ranges of lidocaine, prilocaine and tetracaine, as fully supported by the present specification. Reconsideration and allowance are respectfully requested.

Applicant respectfully notes that the cancellation of claims is without prejudice to their potential filing of the subject matter thereof in a continuation or divisional application at a later time. Applicant does not admit any unpatentability thereof by these presently cancelled claims.
